**HEALING?**

THE POWER OF JESUS...

**BEGIN THE JOURNEY**

*Jesus is Inviting You*

The purpose of this chart to help you visualize your family tree, to plot diseases, addictions, and deaths, and to identify potential generational issues within your family. Take some time in prayer to identify the people (can be first name or initials only if you prefer) along with the other items. Feel free to jot anywhere, this is purely an exercise of reflection, from your memory. Ask for the Holy Spirit to guide you, and to identify that which He needs you to see.

If utilized within a generational healing series, we will often collect these charts, in confidence, and burn (or simply destroy) them as an offering in good faith, for God to release any and all generational & family spiritual bondage.
